Six academy members from Yirara College and Centralian Senior College took part in a full day's work experience with local partner Yeperenye Shopping Centre.

Courtney Organ, Marketing Manager for the centre contacted different providers within the complex and received great interest in shops who were excited to take on our lads.

Subway, Brumby's, Bright Eyes and Woolworths all came on board for the day and gave great support to our nervous but eager young men.

Tyrone Charlie a Year 11 Yirara College academy member said, "I enjoyed the day. My favourite part of the job was meeting customers."

Centralian Senior College Year 11 academy member Jeremy McPherson said, "It was a new experience for me seeing what it takes to run a business at Yeperenye Shopping Centre."

The praise from the providers was nothing but amazing and they could not have been more impressed with how all six conducted themselves within their stores.
